INSTRUCTIONS

BRAND AND PRODUCT NAMES: Be as detailed as possible, including flavors, etc.

For example: Fancy Cat Chunky Beef & Chicken Flavor Cat Food
Sakes Alive Hearty Beef Chunk Dinner Cat Food
Charlie's Choice Premium Turkey & Bacon Dog Food

UPC CODES: These codes are requested to correctly identify products. Each brand and product name must match the UPC Code.

REGISTRATION FEE: The Georgia law relating to Commercial Feeds, O.C.G.A. § 2-13-1 et seq., established an annual registration fee of \$ 40.00 for each pet and specialty pet product, distributed in packages of ten (10) pounds or less (Section 2-13-6). The Rules and Regulations relating to Commercial Feeds (40-5-5-.03) established penalties to be enforced when registrations were not received in a timely manner. The following fee schedule regarding registrations shall be in force. **(Please note that penalties will be based on the DATE RECEIVED, and not date you completed the form, the date mailed, etc.)**

ANNUAL REGISTRATION FEES AND PENALTIES:

Date fee received:	By January 31.....	\$40.00
	February 1 – February 29.....	\$55.00
	March 1 – March 31.....	\$70.00
	April 1 or later.....	\$80.00

MAXIMUM FEE: Section 2-13-6 (f) establishes a maximum annual fee of \$2,000.00 for a Commercial Feed License and Registration.

For example, if the tonnage distributed by your company in the previous calendar year was 2,000 tons, and you have 75 pet products in packages of 10 pounds or less that you want to register, and you do so by January 31, your fee would be \$2,000.00 (\$75.00 license fee and \$1,925.00 registration fees). You still must register ALL of your products – you just do not have to pay the fee. Tonnage of these small package (10 pounds or less) products subject to registration **SHALL NOT BE USED IN CALCULATING THE LICENSE FEE DUE.**

NOTE: Penalty fees received **DO NOT** apply towards the \$2,000.00 maximum fee.

LABELING: ALL products distributed in Georgia must be in compliance with the labeling requirements of the Georgia Commercial Feed Law and Rule and Regulations.

If you have any questions regarding registration, licensing, etc., please contact us at: (404) 656-3637
